EUROPEAN COMMISSION

Directorate General for Energy (DG Ener)

Ms. Monika Zsigri works for the European Commission in the Directorate General for Energy in the unit dealing with networks and regional initiatives. She is currently responsible for energy infrastructure and regional cooperation in Central- and South-Eastern Europe, overseeing initiatives such as the North-South interconnections priority corridor or the Danube region strategy, among others. Previously, she worked on general energy policy and security of supply topics, as well as coordinated other regional energy cooperation initiatives in the Baltic Sea region. In her previous jobs as management consultant she worked on different assignments in the energy and telecommunications sectors.

Ms Zsigri holds a Master's degree in Business Administration.
